

# SUPER MAX

## KILLS + DEFENDS

**3PC LICE ELIMINATION KIT:**  
with 24/7 LICE DEFENSE

**HIGHLY EFFECTIVE & PESTICIDE-FREE:** Kills lice, super lice, and their eggs via coating and suffocation. RID SUPER MAX does not contain pesticides, to which super lice have developed resistance. The solution is more effective at killing lice and eggs than the leading pesticide ingredient.

**PLUS 24/7 LICE DEFENSE:** a daily shampoo & conditioner that is enhanced with the RID Lice Defense

Factor (LDF) to help provide 24/7 defense against new lice with **daily usage**. It not only cleanses and moisturizes the hair; it also contains a combination of ingredients that coat and lightly scent the hair to help keep lice and eggs away all day long. It is safe for daily use and perfect for extra defense upon return to school, camp, etc.

**Intended Use:** to kill and remove super lice, lice, and their eggs in infested adults & children from 1 year of age and older.

**Complete Kit includes:** RID SUPER MAX solution, RID comb, and RID Daily Defense Shampoo & Conditioner

### INSTRUCTIONS

**Important: Read warnings before use.**

**Step 1: APPLY** the solution to dry hair, completely saturating hair and scalp. Use a towel to cover eyes and exposed skin areas. Massage from roots to tips, paying particular attention to the area behind the ears and the hairline behind the back of the head. Leave the solution in the hair for **15 minutes**. In the case of long hair, pin the hair up away from skin.

#### Usage guidelines for RID Super MAX Solution

Hair Length	Applications Per Bottle
Short	Up to 4
Medium	2-3
Long	1-2

**Step 2: COMB** to remove lice and eggs. Part hair into sections and comb one section at a time. Place the teeth of the comb as close as possible to the scalp and comb away from scalp to the end of the hair. Use clips to pin back each section of combed hair. Clean the comb during use by wiping onto a tissue. Discard the tissue into a sealable plastic bag. Discard the sealed plastic bag.

**Step 3: WASH & DEFEND** by applying RID Daily Defense Shampoo & Conditioner to the hair. Leave on hair for 2 minutes and rinse out with lukewarm water. Repeat if needed to fully rinse the solution from the hair. Check hair after 7 to 10 days. If lice or eggs are present, repeat steps 1-3.

**Step 4: DEFEND** by continuing the daily use of the RID Daily Defense Shampoo & Conditioner. Use on wet hair just like a traditional shampoo: massage into hair and scalp and leave on for 2 minutes. Rinse with lukewarm water.

### WARNINGS

- For external use only. Do not swallow. If swallowed, seek medical help or contact Poison Control Center immediately.
- Keep out of reach of children. Consult a healthcare professional before use if you are pregnant or breastfeeding.
- Do not use longer than directed or overnight while sleeping.
- Do not use if scalp is irritated or injured.
- Do not use a covering over treated hair like a shower cap or foil.
- Stop use if signs of a rash or irritation occur.
- Avoid contact with eyes and mucous membranes (mouth and nose). In case of eye contact, rinse thoroughly with water.
- Do not use if you have ever had an allergic reaction to any of this product's ingredients.
- Keep treated hair away from fire or other hot objects. Do not smoke during use or treatment.
- If the treatment is applied in the evening, make sure the hair is completely dry when going to bed.
